## REPORT OF STATE NURSE

Twenty-three pre-school children and infants were inoculated by Dr. R. J. Turley for the prevention of Diptheria, Whooping Cough and Tetanus, eight children were vaccinated.

This town carries an almost 100 percent immunization program with full cooperation from the mothers, the Center Harbor Woman's Club and the Red Cross who furnish transportation for the children living in the outlying sections.

My sincere thanks and appreciation to Dr. Turley for giving of his valuable time, to the Woman's Club and Health Group, the Red Cross and to the Library Trustees for the use of the building.

Respectfully,

Joanna M. Carter

## Report of Secretary
## American Red Cross—Meredith Chapter
## Center Harbor Branch

Since our last report, the National Chapter has changed the Red Cross year to July 1 to July 1. Therefore in the future, officers will be elected and reports made from that date.

At the last meeting of the Center Harbor Branch in October, Everett M. Heath was elected chairman, Mrs. Ethel Hughes vice chairman, Mrs. Carrie H. Kelley treasurer and Mrs. Gertrude Taylor secretary.

Since the books were closed in July, this Branch has added to its equipment an oxygen mask and tank of oxygen which are kept in the Fire Station and are available to anyone in the community for emergency use.

Recently Mrs. Amy Brown, R.N. and Miss Dencie Ward, Carroll County nurse, arranged for a meeting at which Dr. Gage of Laconia explained the assembling of the equipment and its use. As this may be used by any layman who has had some instruction in its use, the meeting was attended by many of the firemen and others who felt interested. Practice meetings will be held from time to time.

Respectfully submitted,

Frances M. Chase, Act. Sec.

## REPORT OF FOREST FIRE WARDEN

### Forest Fires — Our Most Shameful Waste

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION. . . .fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY IF YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. **Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.**

2. **Securing the written permit from the warden when the ground is not covered with snow.**

3. **Insisting that others be careful and comply with burning requirements.**

4. **Calling the warden promptly when fire is detected and aiding him to extinguish it.**

Let's reduce the number of forest fires and eliminate our most shameful waste.

**1949 Fire Record:**

## SCHOOL WARRANT

To the Inhabitants of the School District in the town of Center Harbor, qualified to vote in District affairs:

You are hereby notified to meet at the Town House in said District on the 14th day of March, 1950, at eleven o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

3a To choose a Member of the School Board for one year.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the District.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

8. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see how much money the district will raise and appropriate to provide modern toilet facilities at the Village School.

10. To transact any other business that may legally come before the meeting.

Given under our hands at said Center Harbor, this 30th day of January 1950.

## SCHOOL BOARD'S BUDGET

## FOR THE YEAR 1950 — 1951

Figures in the right hand column below represent amounts required for the support of public schools and other statutory obligations of the District for the fiscal year beginning July 1, 1950.

The first column shows the actual amount spent during the fiscal year of 1948-49. The middle column shows the amounts voted at the 1949 District Meeting. These columns are shown for purposes of comparison.

| Administration: | Expended 1948-49 | Voted in 1949-50 | Estimate 1950-51 |
|---|---|---|---|
| Salaries of District Officers | 209.00 | 209.00 | 209.00 |
| Superintendent's Salary | 219.37 | 220.00 | 205.49 |

| **Auxiliary Activities:** | | | |
| Health Supervision | 383.40 | 400.00 | 450.00 |
| Transportation—High School | 546.00 | 985.00 | 931.00 |
| Elementary | 2,422.50 | 2,515.00 | 2,414.00 |
| Tuition—High School | 1,252.44 | 2,400.00 | 3,495.00 |
| Elementary | 76.00 | 200.00 | 200.00 |
| Other Special Activities | 119.22 | 50.00 | 100.00 |
| **Fixed Charges:** | | | |
| Retirement | 219.71 | 375.00 | 300.00 |
| Insurance | 5.00 | 175.00 | 140.00 |
| **Capital Outlay:** | | | |
| New Equipment | 56.12 | 200.00 | 200.00 |
| School Lunch | 746.00 | 600.00 | 700.00 |
| Contingency Fund | | | 400.00 |
| Totals | $13,479.12 | $19,098.00 | $18,245.36 |

The total of $19,098.00 in the second column was voted at the 1949 annual meeting, with the understanding that we would probably need to open the Town House school. When it became evident that it would not be necessary to do this, the School Board deducted $2955.00 from the appropriation as voted, before certifying the school assessment to the Selectmen. The actual budget then, for 1949-50 is $16,143.00 instead of $19,098.00.

## SUPERINTENDENT'S REPORT

### School Marks and Promotions

About fifty years ago in the rural schools of America, each pupil learned at his own rate. Children were not designated as first graders, third graders, eighth graders, etc. Nine years were generally allowed for the courses in the elementary grades; but with the short terms of school at that time, many attended more than nine years.

In the city schools, pupils generally were grouped according to grade. Text books were written for the first grade, for the third grade, etc. Gradually this practice spread into the rural schools also, so pupils were enrolled in the register as being classified by grades. Promotions from grade to grade used to be based upon marks in various subjects. The length of the elementary school course was shortened to eight years.

For a long time teachers have realized that each pupil is different from every other pupil and that any group of pupils in one grade shows wide variations in achievement, attitude and maturity. Giving all school marks on a percentage basis assumes that they are alike and that the difference is in effort. Since this is a false assumption, we have often questioned whether or not marks should ever have been given and whether our present system of grading and promotion is at all justifiable.

This year we are making a start in the direction of eliminating marks and promotions. For the present, this change affects only the primary grades. The proposal is to have each pupil progress at his own rate through work hitherto covered in the first three grades.

Most pupils may be able to complete this work in three years; some may take four; occasionally a child can complete it in two. Parents can be kept informed by letters and through conferences with the teacher as to the progress which their children are making. It is hoped that this plan will contribute toward more natural growth for each child and that it will eliminate many tearful occasions caused by non-promotion or by comparing one pupil's work with another's. Whether or not it is practical to continue this new plan through the entire elementary years is a question. If it proves to be successful on the primary level after two or three years of trial, it may be desirable to continue the plan through the sixth grade at that time.

### School Building Improvement

After many years of carrying water to our school in pails each day, running water has been made available there. Through an agreement with W. Irving Brown, we have made connection with his artesian well supply.

Oil-burning heaters of the floor furnace type have been installed in each classroom. The continuous even heat contributes much to the comfort of the children.

Now that we have continuous heat and running water, it will be possible at last for us to install modern toilet facilities. This matter will be brought before the district meeting under a special article in the warrant.

### Improvement of Teachers in Service

It is definitely recommended that every five years each teacher shall devote one summer to advanced study in connection with her work, or shall complete

an equivalent number of extension courses. The state board has also encouraged teachers to devote time during the year to improvement of their methods by stating that schools may be closed for this purpose for not more than eight days during any school year. In April of 1949, schools in this supervisory union were closed for one week and all teachers were privileged to attend a workshop on the subject of conservation education. This workshop was held in Meredith and was guided by members of the faculty of Plymouth Teachers College, members of the state department of education, and a number of capable experts in the fields of soil conservation, forestry and water resources. The purpose of these sessions was to emphasize to the teachers the necessity on the part of all citizens to guard our nation's bank account of natural resources so the future generations will not find the soil, forests and water supply insufficient. The teachers who attended seemed very enthusiastic as to the practical nature of this course in this week's workshop. Plans formulated from this workshop are being carried out in the schools, both in the elementary grades and on the high school level.

School Boards of the union have indicated their approval of the workshop plan and voted to continue this type of teacher training in the future.

**High School Tuition Pupils**

Most of Center Harbor's pupils are attending high school in Meredith as tuition pupils. The crowded condition of Meredith schools makes it imperative that more room be provided in the near future for classes there. Among other proposals, it has been suggested that Meredith close its doors to all tuition pupils in view of the crowded situation. If such a radical step were taken, where could Center Harbor pupils go?

One plan by which such a situation could be avoided would be for Meredith and Center Harbor to unite

as a cooperative district. Such a plan of fiscal cooperation is permitted under present state law. Under this plan, Center Harbor and Meredith would become one school district, as far as high school education is concerned. Center Harbor would no longer pay tuition to Meredith, but would share in the cost of buildings, maintenance and instruction, as well as having representatives on the school board to employ the teachers and administer the school.

I believe a much better solution to the problem can be found if Meredith and Ashland can combine their financial resources, together with Center Harbor and other nearby districts, to establish a new cooperative high school. Committees in Meredith and Ashland are still studying the possibility of this plan. If such an institution could become a reality it would go far toward providing the services that should meet the needs of our pupils ten or twenty years hence. The trend throughout the nation today is away from the small high schools that served us so well in the horse and buggy days. In New York State and in the Middle West, where the experiment of the larger district has been tried, people are well pleased with the results. Certainly some means should be found so children might have as good an opportunity for an education in New Hampshire as in other parts of our country.

Respectfully submitted,

Almon W. Bushnell

## REPORT OF THE SCHOOL NURSE

### October Through December, 1949

**Physical examinations by school physician — 52**

| | | |
|---|---|---|
| Defects found— | Vision | 5 |
| | Teeth | 19 |
| | Tonsils | 7 |
| | Adenoids | 4 |
| | Heart | 3 |
| | Orthopedic | 8 |
| | Speech | 3 |

For the parents of children who wish it, appointments for the orthopedic clinic at Laconia in April will be arranged.

During October, routine inspections of all school children were made—instruction in hygiene was given during this check-up.

The need for continued dental work is shown by the high number of cavities found during the physical examinations.

The hot lunch program seems to be well appreciated and a definite general increase in individual weights is shown. New scales with a measuring device for heights have been purchased by the committee.

I appreciate the patience and help received from all.

Respectfully submitted,

Ann Walker, R. N.
